## Languages

Arabic, Chinese, English, French, Russian, Spanish. German, Swiss German, Italian, Portuguese and Farsi. Other languages upon request

## Quality Assurance

The primary focus of quality assurance process is to meet our customer requirements and strive to exceed their expectations. Understanding their current and future needs contributes to our mutual sustained success. We achieve this through:

- Qualified project managers ensuring quality standards are met;
- Bilingual translators and proofreaders who grasp the cultural aspect of the target language;
- Cross-check and revision performed by an expert with knowledge applicable to the field of the translation project
